

(2) The Agency has the responsibility to assure that the appraisals it obtains are relevant to its program needs, reflect established and commonly accepted Federal and federally-assisted program appraisal practice, and as a minimum, complies with the definition of appraisal in § 24.2(a)(3) and the five following requirements: (See appendix A, §§ 24.103 and 24.103(a).)

(i) An adequate description of the physical characteristics of the property being appraised (and, in the case of a partial acquisition, an adequate description of the remaining property), including items identified as personal property, a statement of the known and observed encumbrances, if any, title information, location, zoning, present use, an analysis of highest and best use, and at least a 5-year sales history of the property. (See appendix A, § 24.103(a)(1).)

(ii) All relevant and reliable approaches to value consistent with established Federal and federally-assisted program appraisal practices. If the appraiser uses more than one approach, there shall be an analysis and reconciliation of approaches to value used that is sufficient to support the appraiser's opinion of value. (See appendix A, § 24.103(a).)

(iii) A description of comparable sales, including a description of all relevant physical, legal, and economic factors such as parties to the transaction, source and method of financing, and verification by a party involved in the transaction.

(iv) A statement of the value of the real property to be acquired and, for a partial acquisition, a statement of the value of the damages and benefits, if any, to the remaining real property, where appropriate.

(v) The effective date of valuation, date of appraisal, signature, and certification of the appraiser.

(b) *Influence of the project on just compensation.* The appraiser shall disregard any decrease or increase in the fair market value of the real property caused by the project for which the property is to be acquired, or by the likelihood that the property would be acquired for the project, other than that due to physical deterioration

within the reasonable control of the owner. (See appendix A, § 24.103(b).)

(c) *Owner retention of improvements.* If the owner of a real property improvement is permitted to retain it for removal from the project site, the amount to be offered for the interest in the real property to be acquired shall be not less than the difference between the amount determined to be just compensation for the owner's entire interest in the real property and the salvage value (defined at § 24.2(a)(24)) of the retained improvement.

(d) *Qualifications of appraisers and review appraisers.* (1) The Agency shall establish criteria for determining the minimum qualifications and competency of appraisers and review appraisers. Qualifications shall be consistent with the scope of work for the assignment. The Agency shall review the experience, education, training, certification/licensing, designation(s) and other qualifications of appraisers, and review appraisers, and use only those determined by the Agency to be qualified. (See appendix A, § 24.103(d)(1).)

(2) If the Agency uses a contract (fee) appraiser to perform the appraisal, such appraiser shall be State licensed or certified in accordance with title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA) (12 U.S.C. 3331 *et seq.*).

#### § 24.104 Review of appraisals.

The Agency shall have an appraisal review process and, at a minimum:

(a) A qualified review appraiser (see § 24.103(d)(1) and appendix A, § 24.104) shall examine the presentation and analysis of market information in all appraisals to assure that they meet the definition of appraisal found in 49 CFR 24.2(a)(3), appraisal requirements found in 49 CFR 24.103 and other applicable requirements, including, to the extent appropriate, the UASFLA, and support the appraiser's opinion of value. The level of review analysis depends on the complexity of the appraisal problem. As needed, the review appraiser shall, prior to acceptance, seek necessary

corrections or revisions. The review appraiser shall identify each appraisal report as recommended (as the basis for the establishment of the amount believed to be just compensation), accepted (meets all requirements, but not selected as recommended or approved), or not accepted. If authorized by the Agency to do so, the staff review appraiser shall also approve the appraisal (as the basis for the establishment of the amount believed to be just compensation), and, if also authorized to do so, develop and report the amount believed to be just compensation. (See appendix A, § 24.104(a).)

(b) If the review appraiser is unable to recommend (or approve) an appraisal as an adequate basis for the establishment of the offer of just compensation, and it is determined by the acquiring Agency that it is not practical to obtain an additional appraisal, the review appraiser may, as part of the review, present and analyze market information in conformance with § 24.103 to support a recommended (or approved) value. (See appendix A, § 24.104(b).)

(c) The review appraiser shall prepare a written report that identifies the appraisal reports reviewed and documents the findings and conclusions arrived at during the review of the appraisal(s). Any damages or benefits to any remaining property shall be identified in the review appraiser's report. The review appraiser shall also prepare a signed certification that states the parameters of the review. The certification shall state the approved value, and, if the review appraiser is authorized to do so, the amount believed to be just compensation for the acquisition. (See appendix A, § 24.104(c).)

## § 24.105 Acquisition of tenant-owned improvements.

(a) *Acquisition of improvements.* When acquiring any interest in real property, the Agency shall offer to acquire at least an equal interest in all buildings, structures, or other improvements located upon the real property to be acquired, which it requires to be removed or which it determines will be adversely affected by the use to which such real property will be put. This shall include any improvement of a

tenant-owner who has the right or obligation to remove the improvement at the expiration of the lease term.

(b) *Improvements considered to be real property.* Any building, structure, or other improvement, which would be considered to be real property if owned by the owner of the real property on which it is located, shall be considered to be real property for purposes of this subpart.

(c) *Appraisal and Establishment of Just Compensation for a Tenant-Owned Improvement.* Just compensation for a tenant-owned improvement is the amount which the improvement contributes to the fair market value of the whole property, or its salvage value, whichever is greater. (Salvage value is defined at § 24.2(a)(23).)

(d) *Special conditions for tenant-owned improvements.* No payment shall be made to a tenant-owner for any real property improvement unless:

(1) The tenant-owner, in consideration for the payment, assigns, transfers, and releases to the Agency all of the tenant-owner's right, title, and interest in the improvement;

(2) The owner of the real property on which the improvement is located disclaims all interest in the improvement; and

(3) The payment does not result in the duplication of any compensation otherwise authorized by law.

(e) *Alternative compensation.* Nothing in this subpart shall be construed to deprive the tenant-owner of any right to reject payment under this subpart and to obtain payment for such property interests in accordance with other applicable law.

## § 24.106 Expenses incidental to transfer of title to the Agency.

(a) The owner of the real property shall be reimbursed for all reasonable expenses the owner necessarily incurred for:

(1) Recording fees, transfer taxes, documentary stamps, evidence of title, boundary surveys, legal descriptions of the real property, and similar expenses incidental to conveying the real property to the Agency. However, the Agency is not required to pay costs solely
